Dear Ms. Smith:

As a resident of Upper Merion Township, I am writing to enthusiastically endorse King of Prussia Rail.

Among its many benefits, I believe that King of Prussia Rail will:

- Provide my neighbors and me with better access to jobs, cultural amenities and more
- Increase commercial real estate values which will help to keep my resident taxes low
- Reduce traffic and shorten commute times
- Improve air quality and reduce pollutants
- Provide savings on gas and maintenance of vehicles
- Add value to homes in proximity to the stations
- Address the growing mobility needs of my neighbors who are seniors, people with disabilities, and millennials

King of Prussia Rail is a vital infrastructure project that cannot be ignored. The Philadelphia region NEEDS to invest in this type of multi-modal transportation project to help reduce the burden of highway congestion and provide better access to job opportunities, cultural amenities and more for my neighbors and others in our region.

I endorse this project and encourage others to join me!

Sincerely,
